PRIMARY EXAMINER

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made to the subject application:

**Claim 1:**

Line 15, "amplifier" has been changed to --amplification--.

**Claim 9:**

Line 4, "the common node" has been changed to --a common node--;

Line 15, "a common node" has been changed to --the common node--.

The Examiner's amendment has been made in order to comply with the 35USC 112, second paragraph and to place the application in a condition for allowance.

2. The following is an examiner's statement of reasons for allowance: the amendment filed 12/19/2005 has overcome the prior art of record. The prior art of record fails to teach or fairly suggest second and third control terminals coupled to the first input signal and the second input signals respectively as called for in claim 1, first and second inverters, first terminals of the first and second transistors are coupled to the first node and the second node of the first latch unit respectively and second terminal of the first and second transistors are coupled to the common node together, a third transistor coupled between the first voltage and the first node of the first latch unit, and comprising a control terminal coupled to the control signal, and a fourth transistor coupled between the first voltage and the second node of the first latch unit, and comprising a control terminal coupled to the control signal as called for in claim 9, signal amplification circuit

comprising two input terminals coupled to the first and second node respectively, a first control terminal coupled to the control terminal, a second control terminal and a third control terminal respectively coupled to the second and first input signals, a first output terminal and a second output terminal as called for in claim 17. Therefore, claims 1, 3-9 and 13-19 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tuan T. Lam whose telephone number is 571-272-1744. The examiner can normally be reached on Monday to Friday (7:30 am to 6:00pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, TIMOTHY P. CALLAHAN can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
